Bedtime Story

The days are shorter, the mornings darker. The last thing we want to do is get out of bed during these dreary days of winter, especially since we started dressing our bed with organic bedding from DKNY. The Pure Comfort collection, launched just a few months ago, consists of layer upon layer of soft organic cotton that's hand-stitched and garment-washed to be super-soft. With stylish details like fabric-covered buttons, the collection is available in soothing shades of white, cream, beige, green, and blue. Prices range from \$75 to \$250.
